Product Description

Skin perfecting pads block the action of free radicals, stimulate metabolic processes, increase skin tone, reduce facial wrinkles and change the skin texture. Active C-vitamin form "Active C+" is suitable for sensitive skin. It protects against UV radiation, prevents aging and reduces skin pigmentation, stimulates collagen synthesis. Brand and natural AHA acids normalize skin tone, effectively remove dead skin cells and help reduce hyperpigmentation, improve skin tone.

Kasutusjuhend

Apply to clean skin, avoiding the eye area. Rub gently around the eye area and refresh the skin.
